

Praise the Lord!

Our meeting this past Sunday was part of a Life Church Retreat and did not include a formal message to record.

For life group material please use the following questions from the "bricks" we filled out at the retreat:

- What word is God challenging me to put into practice right now?
- What would it look like for me to put it into practice?
What specific ways would I do that?
- What help or support would I need from my sisters and brothers in the body?

Thank you and God bless you!
